

# VXi BlueParrott® Xpressway II™

## Key Features

**Xtreme Noise Suppression®** technology quiets even the most aggressive background noise.

**A choice of wearing styles**, included: on-the-ear, over-the-head and behind-the-neck

**Wideband audio** lets you understand every word.

**A2DP support** for use with other Bluetooth-enabled audio devices.

**Multipoint pairing** lets you use two cell phones or a phone and a Bluetooth-enabled PC in tandem.

**7+ hours of talk time** per charge means you can keep on talking.

**Lightweight and roadworthy**, so it's both comfortable and durable.

### Connection

When the headset is powered on, it will automatically try to connect to the last device it was paired with. If the last connected device is not available (turned off, out of range, etc.), the headset will attempt to connect to the second-to-the-last device it was connected to, etc. You can also reconnect to the device with a quick press of the headset's multifunction button. A tone and the voice prompt, "Your headset is connected," will be heard and the two devices should connect.

## Mechanical Specifications

### Dimensions

5.5" L x 0.885" W x 0.556" H

### Weight

0.6 oz.

### Headband

Over-the-ear, Over-the-head and Behind-the-neck

### Mic Boom

Flexible with obedience of < 55 degrees

### Agency Approvals

CE-EMC, CE-RF, BQB-Profile Test, BQB-RF, IC, FCC, WEEE, RoHS.

## Receiver Specifications

### Speaker

15.4 mm

### SPL

96 dB ± 3 dB at EEC-318 1 KHz 1 mW

### Impedance

32 Ω ±15% at 1.0 KHz 0.2 V

### Frequency Response

20 Hz to 20 KHz

## Microphone Specifications

### Microphone

4.0 mm bi-directional noise-canceling

### Ambient Noise Suppression

93.1%

### Frequency Response

100 Hz to 10 KHz
